Yard
Maximum Efficiency - Highly Automated
YARD MANAGEMENT

Gain visibility
on yard and improve operational processes.

Maximize investment
in WMS, TMS and ERP systems - C3 Yard can be integrated to communicate with other supply chain systems.

Improve inventory management
now what inventory is sitting in the yard and where. Provides visibility down to the SKU level.

Improve dock management
avoid double handling, reduce congestion at docks and optimize door utilization.

Exceed customer service levels
C3 Yard helps plan daily DC activities to ensure on-time deliveries.

Drastically reduce detention costs
monitor trailer dwell time and automatically notify carriers as trailers become available.

Optimize task assignment and the use of resources
reduce trailer fleet, reduce number of required yard truck drivers (shunters) and maximize their efficiency.

Exceed customer service levels
C3 Yard helps plan daily DC activities to ensure on-time deliveries.

Multi-site system
that allows customers to manage their yard operations at the enterprise level.

Because your industry is unique
Since its founding in 2000, C3 has gained the confidence of clients around the world and across many industries:

- TRANSPORTATION & LOGISTICS
- MANUFACTURING
- PARCEL POST
- GROCERY
- RETAIL
- PROPERTY MANAGEMENT
- BULK HANDLING

Because of our scalable software design, features can be added as your operations grow.

C3 Yard Highlights
C3 Yard’s provides the ability to automate your yard operations.

It will manage your gates, provide visibility on trailers and shipments and will dramatically increase the productivity of your yard drivers and dock workers. Because of our scalable software design, features can be added as your operations grow.

Integration
to other supply chain systems such as TMS and WMS for increased automation and extended visibility.

Dock scheduling
to efficiently manage your dock doors and increase your yard throughput.

Gatehouse management
offering simplified screen & streamlined process involving pre-arrival visibility, gate pass printing, regulatory and safety checks, enforcement and intelligent trailer putaway functions.

Exception alerts
for time-sensitive events requiring your attention (e.g. idle shunter drivers, late arrivals / departures, refused shunter tasks, trailers sitting at door for too long, etc.).

Shunter process optimization
through automated task assignment and optimized trailer movements. C3 Yard’s mobile shunter provides clear instructions to yard drivers and tracks the execution.

Configurable screens
to reflect unique business processes, specific terminology and data requirements.

User friendly features
including drag and drop shunter task creation and business rules.
